

ARSENAL COLORADO

-- ADULT LEAGUE - FIELD SETUP --

- **HOME** team sits on **WEST** side of field in open technical area diagonal from away team.
- **AWAY** Team sits on **EAST** side of field in open technical area diagonal from home team.
- **BOTH** Teams must stay in their technical area. And must leave the field and area immediately after game concludes.
- **SUBS** must be made in middle technical area not directly off bench. This helps referees with management.
- **Next teams** must wait until previous teams vacate the field and area before they set up on opposite half. (This helps with any crossing foot traffic of teams)
- All fields have clearly marked technical areas. Players in technical areas need to setup and remain behind the line (15ft from field) in designated area giving players and referees safe space.
- **ALL PARTICIPANTS ARE REQUIRED TO FOLLOW SAFE DISTANCING PROTOCOLS.**
- NO alcohol or pets are allowed at the complex.
