Arsenal Colorado, is committed to providing its members with quality training opportunities. During these sessions, players will be engaged in dribbling, attacking moves, combination play, turning and holding, change of direction moves, start-stop moves, passing technique, running with ball, first touch control and game situations. This clinic will be capped at 24 players per session.

Unlike some other forms of indoor soccer, futsal is played on a hard court surface without walls or boards. Futsal is also played with a smaller weighted ball with less bounce than a regular soccer ball due to the surface of the pitch. The surface, ball and rules create an emphasis on improvisation, creativity and technique as well as ball control and passing in small spaces. Arsenal Colorado is excited to offer this alternate style of training for player's who are looking to improve technical skills and other aspects to their game!
