REGULAR SEASON LEAGUE FORMAT

YOUNGER AGE GROUPS

For the 13U and 14U age groups, the Elite 64 league season will offer a minimum of 14 league games (per group of 8) that can be scheduled and managed by the clubs over a full 10-month period, as players of this age are generally unaffected by high school soccer.

OLDER AGE GROUPS

For the 15U, 16U, 17U and 18/19U age groups, the Elite 64 league season will offer a minimum of 14 league games (per group of 8) over a 10-month period. The schedule will be created and managed by the clubs to aid players' periodization and involvement in high school soccer.

SCHEDULING OPTIONS

Multiple scheduling options are available to accommodate travel concerns and allow for clubs to complete their league season in the most sensible way possible.

- **Home/Away** - Each club hosts the other clubs in its group one time and travels to each of the opposing clubs in its group one time.
- **Event-based** - Multiple clubs come together in a single city and/or venue to compete against two or more other clubs from within their group.
- **Hybrid** - Clubs fulfill their matchups with select opposing clubs in a home/away format, while facing other clubs in an event-based format.

EVERY GAME IS A RECRUITABLE MOMENT

Every USYS National League Elite 64 league game provides every player with a ‘recruitable moment.’ Elite 64 has partnered with world leaders in individual player data and team analysis. Our partners at STATSports, ProScore and NCSA have come together to revolutionize recruiting. Elite 64 provides the players with a greater opportunity to present their soccer bio to college and professional scouts by sharing real-time game stats, highlights and achievement from every game — league, showcases and National Finals. Each piece of recruitable data can be seen by every college scout in an instant while saving the players, teams, clubs and recruiters time and money.

Once the final whistle is blown on each game and the player’s data is recorded, the performance information can be added to their individual NCSA player profiles and shared with every college coach, enhancing the player’s ability to find the right school that meets their needs both athletically and academically.

NATIONAL FINALS TEAM CHAMPION

FINALS BRACKET

Featuring the top two regular season teams from each group, the Finals Bracket allows teams to compete to become the Elite 64 Team Champion in each age group.

FORMAT

The Finals Bracket follows a format similar to the World Cup knockout rounds, beginning with a Round of 16, followed by Quarterfinals, Semifinals and Finals.

Teams who do not advance past the Round of 16 (Day 1) or Quarterfinals (Day 2) play games on the subsequent days against equivalent competition that count toward Club Champion points (giving them 3 games total).

Note: Any game with advancement implications in the Finals Bracket that ends in a tie after regulation will go straight to kicks from the mark to determine the advancing team.

FINALS BRACKET DAY-BY-DAY

DAY 1	DAY 2	DAY 3	DAY 5
Team A Team B	Quarterfinal 1 Winner A/B Winner C/D	Semifinal 1 Winner QF 1 Winner QF 2	Final Winner SF 1 Winner SF 2
Team C Team D	Quarterfinal 2 Winner E/F Winner G/H	Semifinal 2 Winner QF 3 Winner QF 4

Team O Team P			

***The above is an example and subject to change.*

NATIONAL FINALS CLUB CHAMPION

The Club Champion recognizes the club with the best cumulative performance across all age groups at the Elite 64 National Finals. All tiers (Finals, Tier 2, Tier 3, Tier 4) contribute to the overall Club Champion point totals — adding meaning to each game played at the Elite 64 National Finals.

FORMAT

For each game, teams can earn 3 points for a win; 1 point for a tie; and 0 points for a loss. Those points will be added to the Club Champion point totals.

A multiplier will be applied to points earned in each tier:

- Finals Bracket..... 4x points earned
- Tier 2..... 3x points earned
- Tier 3..... 2x points earned
- Tier 4..... 1x points earned

The multiplier gives added weight to the higher tiers and adds importance and meaning to every regular season game, as each individual spot in the group standings matters.

Once all games are complete, the overall point totals will be compiled and the club with the highest cumulative point total across all age groups will be crowned the season's Elite 64 Club Champion.

MARKETING ASSETS

The USYS National League will continue to add marketing assets to the tool kit shared with Elite 64 members clubs upon acceptance. Assets will include a variety of general graphic templates, travel/event graphics, technology partner content, and more.

For general marketing inquiries, contact Ryan Loy at rloy@usyouthsoccer.org.
