

For Berthoud Recreation game day protocol:

- Big thing we need to watch is number of players. I'm not sure the size of the other teams but we need to stay around 15 players per team in attendance. We can't exceed a certain number of players including subs (coaches do not fall into that category).
- Multiple spectators allowed per family but just need to sit in designated areas within household.
- Both teams will be along the east side of the field & spectators must stay on the west.
- We will have hand sanitizer on each sideline for teams to utilize.
- Masks must be worn when using the restroom in the complex.
- Water fountains are turned off so please make sure players bring enough with them.
